EHEIM autofeeder

The best care for your fish

If you don’t always have time an automatic fish feeder is ideal. Also when on holiday.

EHEIM autofeeder

If you don’t always have time an automatic fish feeder is ideal. Also when on holiday. You can easily programme the feeding times as well as the amount of food and the fish feeder ventilates the food at precisely the correct doing time into the water. With a simple press of a button “snacks” are also possible at any time.

The function keys are splash proof. A warning system quickly shows low battery level. And of course the feeders fit feeder openings on the VARILUX aquarium hoods; they are also equipped with a bracket for open-top aquariums and terrariums – also for nano aquariums.

EHEIM automatic fish feeder

Compact equipment with a feeding chamber; mainly for flake food

- Easy to understand programming
- An additional programme for double feeding
- Actively aerated food chamber
- Capacity ca. 100 ml
- Additional “snacks” possible at the touch of a button
- Function keys are splash resistant
- Warning system quickly indicates low battery level
- Including bracket for mounting on an open-top aquarium or terrarium
- Includes batteries
